Independent Auditor's Report

We have audited the accompanying statement of revenues, expenditures, and excess fees regulatory basis of the County Sheriff of Menifee County, Kentucky, for the year ended December 31, 2003. This financial statement is the responsibility of the County Sheriff. Our responsibility is to express an opinion on this financial statement based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States, and the Audit Guide for County Fee Officials issued by the Auditor of Public Accounts, Commonwealth of Kentucky. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statement. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As described in Note 1, the County Sheriff's office prepares the financial statement on a regulatory basis of accounting that demonstrates compliance with the laws of Kentucky, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

In our opinion, the financial statement referred to above presents fairly, in all material respects, the revenues, expenditures, and excess fees of the County Sheriff for the year ended December 31, 2003, in conformity with the regulatory basis of accounting.

In accordance with <u>Government Auditing Standards</u>, we have also issued our report dated February 1, 2005, on our consideration of the County Sheriff's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grants. That report is an integral part of an audit performed in accordance with <u>Government Auditing Standards</u> and should be read in conjunction with this report in considering the results of our audit.

The Honorable James D. Trimble, Menifee County Judge/Executive The Honorable Rodney Coffey, Menifee County Sheriff Members of the Menifee County Fiscal Court

Based on the results of our audit, we have presented the accompanying comments and recommendations, included herein, which discusses the following report comments:

- The Sheriff Should Require Depository Institutions To Pledge Or Provide Sufficient Collateral To Protect Deposits
- The Sheriff Should Prepare A Disbursements Ledger In Accordance With The Uniform System Of Accounts
- The Sheriff Should Collect Monies Due The 2003 Fee Account
- The Sheriff Should Refund The 2002 Fee Account For Tax Commissions That Were Deposited Into The Wrong Year
- Lacks Adequate Segregation Of Duties

This report is intended solely for the information and use of the County Sheriff and Fiscal Court of Menifee County, Kentucky, and the Commonwealth of Kentucky and is not intended to be and should not be used by anyone other than these interested parties.

Respectfully submitted,

Ross & Company, PLLC

MENIFEE COUNTY NOTES TO FINANCIAL STATEMENT

December 31, 2003

Note 1. Summary of Significant Accounting Policies

A. Fund Accounting

A fee official uses a fund to report on the results of operations. A fund is a separate accounting entity with a self-balancing set of accounts. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain government functions or activities.

A fee official uses a fund for fees to account for activities for which the government desires periodic determination of the excess of revenues over expenditures to facilitate management control, accountability, and compliance with laws.

B. Basis of Accounting

Kentucky Revised Statute (KRS) 64.820 directs the fiscal court to collect any amount, including excess fees, due from the County Sheriff as determined by the audit. KRS 134.310 requires the County Sheriff to settle excess fees with the fiscal court at the time he files his final settlement with the fiscal court.

The financial statement has been prepared on a regulatory basis of accounting, which demonstrates compliance with the laws of Kentucky and is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. Under this regulatory basis of accounting revenues and expenditures are generally recognized when cash is received or disbursed with the exception of accrual of the following items (not all-inclusive) at December 31 that may be included in the excess fees calculation:

- Interest receivable
- Collection on accounts due from others for 2003 services
- Reimbursements for 2003 activities
- Tax commissions due from December tax collections
- Payments due other governmental entities for payroll
- Payments due vendors for goods or services provided in 2003

The measurement focus of a fee official is upon excess fees. Remittance of excess fees is due to the County Treasurer in the subsequent year.

C. Cash and Investments

At the direction of the fiscal court, KRS 66.480 authorizes the County Sheriff's office to invest in the following, including but not limited to, obligations of the United States and of its agencies and instrumentalities, obligations and contracts for future delivery or purchase of obligations backed by the full faith and credit of the United States, obligations of any corporation of the United States government, bonds or certificates of indebtedness of this state, and certificates of deposit issued by or other interest-bearing accounts of any bank or savings and loan institution which are insured by the Federal Deposit Insurance Corporation (FDIC) or which are collateralized, to the extent uninsured, by any obligation permitted by KRS 41.240(4).

MENIFEE COUNTY NOTES TO FINANCIAL STATEMENT December 31, 2003 (Continued)

Note 2. Employee Retirement System

The county officials and employees have elected to participate in the County Employees Retirement System (CERS), pursuant to KRS 78.530 administered by the Board of Trustees of the Kentucky Retirement Systems.

This is a multiple-employer public retirement system that covers all eligible full-time employees. Benefit contributions and provisions are established by statute. Nonhazardous covered employees are required to contribute 5.0 percent of their salary to the plan. The county's contribution rate for nonhazardous employees was 6.34 percent for the first six months of the year and 7.34 percent for the last six months of the year. Hazardous covered employees are required to contribute 8.0 percent of their salary to the plan. The county's contribution rate for hazardous employees was 16.28 percent for the first six months of the year and 18.51 percent for the last six months of the year.

Benefits fully vest on reaching five years of service for nonhazardous employees. Aspects of benefits for nonhazardous employees include retirement after 27 years of service or age 65. Aspects of benefits for hazardous employees include retirement after 20 years of service or age 55.

Historical trend information pertaining to CERS' progress in accumulating sufficient assets to pay benefits when due is presented in the Kentucky Retirement Systems' annual financial report which is a matter of public record.

Note 3. Deposits

The Sheriff maintained deposits of public funds with depository institutions insured by the Federal Deposit Insurance Corporation (FDIC). According to KRS 66.480(1)(d) and KRS 41.240(4), the depository institution should pledge or provide sufficient collateral which, together with FDIC insurance, equals or exceeds the amount of public funds on deposit at all times. In order to be valid against the FDIC in the event of failure or insolvency of the depository institution, this pledge or provision of collateral should be evidenced by an agreement between the Sheriff and the depository institution, signed by both parties, that is (a) in writing, (b) approved by the board of directors of the depository institution or its loan committee, which approval must be reflected in the minutes of the board or committee, and (c) an official record of the depository institution. The Sheriff entered into a written agreement with the depository institution and met requirements (a), (b), and (c) stated above. However, as of December 8, 2003, the collateral and FDIC insurance together did not equal or exceed the amount on deposit, leaving \$94,172 of public funds uninsured and unsecured.

MENIFEE COUNTY NOTES TO FINANCIAL STATEMENT December 31, 2003 (Continued)

Note 3. Deposits (Continued)

The county official's deposits are categorized below to give an indication of the level of risk assumed by the county official as of December 8, 2003.

	Ban	k Balance
FDIC insured	\$	100,000
Collateralized with securities held by pledging depository institution in the county official's name		483,282
Uncollateralized and uninsured		94,171
Total	\$	677,453

Note 4. Drug Forfeiture Fund

The Menifee County Sheriff maintains a separate bank account for a Drug Forfeiture Fund. This fund contains money forfeited as a result of drug arrest convictions. It is used by the Sheriff's department to fight drug abuse in the area. The beginning balance in the account as of January 1, 2003, was \$1,190. There were no receipts. Expenditures for the year were \$715. Ending balance as of December 31, 2003 was \$475.

Note 5. Related Party Transactions

During the year ended December 31, 2003, the Menifee County Sheriff's office purchased a police cruiser from a deputy for \$11,000. This cruiser was, at the time of purchase, being used by the deputy as his official car. The vehicle was originally purchased by the deputy, because of lack of funds in the Sheriff's department, with the intention of the Sheriff's department purchasing the cruiser from the deputy when funds became available. Because of the nature of the relationship between the business and the employee, the transaction is considered to be a related party transaction.

MENIFEE COUNTY RODNEY COFFEY, COUNTY SHERIFF COMMENTS AND RECOMMENDATIONS

For The Year Ended December 31, 2003

STATE LAWS AND REGULATIONS:

The Sheriff Should Require Depository Institutions To Pledge Or Provide Sufficient Collateral To Protect Deposits

The Sheriff maintained deposits of public funds with depository institutions insured by the Federal Deposit Insurance Corporation (FDIC). According to KRS 66.480(1)(d) and KRS 41.240(4), the depository institution should pledge or provide sufficient collateral which, together with FDIC insurance, equals or exceeds the amount of public funds on deposit at all times. In order to be valid against the FDIC in the event of failure or insolvency of the depository institution, this pledge or provision of collateral should be evidenced by an agreement between the Sheriff and the depository institution, signed by both parties, that is (a) in writing, (b) approved by the board of directors of the depository institution or its loan committee, which approval must be reflected in the minutes of the board or committee, and (c) an official record of the depository institution. As of December 8, 2003, the amount of collateral and FDIC insurance together did not equal or exceed the amount on deposit leaving \$94,172 of public funds uninsured and unsecured.

Sheriff's Response:

Will request bank to increase the collateral pledge.

The Sheriff Should Prepare A Disbursements Ledger In Accordance With The Uniform System Of Accounts

The Sheriff did not have a disbursements ledger. According to KRS 68.210 "the administration of the county uniform budget system shall be under the system of the state local finance officer who may inspect and shall supervise the administration of accounts and financial operations and shall prescribe and shall install, by July 1, 1985, a system of uniform accounts for all counties and county officials. Subsequent to every regular and extraordinary session of the general assembly he shall review the county uniform budget system to determine if it is consistent with state law and generally accepted accounting practices. If he finds the system to be inconsistent with state law or to contain obsolete accounting practices, he shall revise it accordingly." We recommend the Sheriff comply with KRS 68.210 by maintaining a disbursements ledger in accordance with the Uniform System of Accounts.

Sheriff's Response:

Will have a disbursements ledger in 2004.

MENIFEE COUNTY RODNEY COFFEY, COUNTY SHERIFF COMMENTS AND RECOMMENDATIONS For The Year Ended December 31, 2003 (Continued)

The Sheriff Should Collect Monies Due The 2003 Fee Account

The Sheriff should collect monies owed to him. Because of an error, penalties on tax collections were distributed to the districts. Some districts refunded the money which was placed in the fee account. The Sheriff should collect penalties that were distributed in error, that have not been collected.

Sheriff's Response:

We have collected from all districts with the exception to collecting from State. A letter was written to state requesting a refund.

The Sheriff Should Refund The 2002 Fee Account For Tax Commissions That Were Deposited Into The Wrong Year

The Sheriff deposited 2002 tax commissions of \$4,339 in the 2003 Fee account that should have been placed in the 2002 Fee Account. The Sheriff has excess fees of \$2,184 for 2003. With these excess fees and the amount that will be returned by the state, the sheriff will have enough funds to refund the 2002 Fee account. We recommend the Sheriff return these commissions to the 2002 Fee account.

Sheriff's Response:

\$2,184 has been paid over to fiscal court for excess fees. The remainder of money due will come from the debt that is due from state. When we receive money from state, it will go to the fiscal court

INTERNAL CONTROL - REPORTABLE CONDITIONS:

Lacks Adequate Segregation Of Duties

The Sheriff's office has a lack of segregation of duties. Due to the entity's diversity of official operations, small size and budget restrictions, the official has limited options for establishing an adequate segregation of duties. We recommend that the following compensating controls be implemented to offset this internal control weakness:

- The Sheriff should periodically compare a daily bank deposit to the daily checkout sheet and then compare the daily checkout sheet to the receipts ledger. Any differences should be reconciled. He could document this by initialing the bank deposit, daily checkout sheet, and receipts ledger.
- The Sheriff should reconcile monthly reports to source documents and receipts and disbursement ledgers.

MENIFEE COUNTY RODNEY COFFEY, COUNTY SHERIFF COMMENTS AND RECOMMENDATIONS For The Year Ended December 31, 2003 (Continued)

<u>Lacks Adequate Segregation Of Duties</u> (Continued)

- The Sheriff should periodically compare the bank reconciliation to the balance in the checkbook. Any differences should be reconciled. The Sheriff could document this by initialing the bank reconciliation and the balance in the checkbook.
- The Sheriff should approve all disbursements and sign all checks.

Sheriff's Response:

None

PRIOR YEAR:

The Sheriff Should Require The Depository Institution To pledge Or Provide Sufficient Collateral And Enter Into A Written Agreement To Protect Deposits

The Sheriff obtained a written agreement to protect deposits; however, additional collateral is still needed.

Good Bookkeeping Practices Should Be Maintained

This has been corrected.

Lacks Adequate Segregation Of Duties

This has not been corrected and is repeated in the current year.

> Report On Compliance And On Internal Control Over Financial Reporting Based On An Audit Of The Financial Statement Performed In Accordance With Government Auditing Standards

We have audited the statement of revenues, expenditures, and excess fees - regulatory basis of the Menifee County Sheriff for the year ended December 31, 2003, and have issued our report thereon dated February 1, 2005. This was a special report on the County Sheriff's financial statement prepared in accordance with a basis of accounting other than generally accepted accounting principles. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States.

Compliance

As part of obtaining reasonable assurance about whether the Menifee County Sheriff's financial statement for the year ended December 31, 2003, is free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed instances of noncompliance that are required to be reported under <u>Government Auditing Standards</u> and which are described in the accompanying comments and recommendations.

- The Sheriff Should Require Depository Institutions To Pledge Or Provide Sufficient Collateral To Protect Deposits
- The Sheriff Should Prepare A Disbursements Ledger In Accordance With The Uniform System Of Accounts
- The Sheriff Should Collect Monies Due The 2003 Fee Account
- The Sheriff Should Refund The 2002 Fee Account For Tax Commissions That Were Deposited Into The Wrong Year

Report On Compliance And On Internal Control Over Financial Reporting Based On An Audit Of The Financial Statement Performed In Accordance With Government Auditing Standards (Continued)

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Menifee County Sheriff's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statement and not to provide assurance on the internal control over financial reporting. However, we noted a certain matter involving the internal control over financial reporting and its operation that we consider to be a reportable condition. Reportable conditions involve matters coming to our attention relating to significant deficiencies in the design or operation of the internal control over financial reporting that, in our judgment, could adversely affect the entity's ability to record, process, summarize, and report financial data consistent with the assertions of management in the financial statement. A reportable condition is described in the accompanying comments and recommendations.

• Lacks Adequate Segregation Of Duties

A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the financial statement being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control that might be reportable conditions and, accordingly, would not necessarily disclose all reportable conditions that are also considered to be material weaknesses. However, the reportable condition described above is a material weakness.

This report is intended solely for the information and use of management and is not intended to be and should not be used by anyone other than the specified parties.
